

SAVE OUR MEN

FREE Prostate Cancer Early Detection Event

Prostate Specific Antigen (PSA) Tests and Digital Rectal Exams (DRE)

Saturday, February 1, 2020 9:00 AM - 12:00 PM

**QUEEN STREET NORTH WORSHIP CENTER
98 NORTH ARMISTEAD AVENUE
HAMPTON, VA 23669**

Schedule

Health Education Sessions: 9:00 AM - 10:15 AM

PSA and DRE Screenings: 10:15 AM - 12:00 PM

To Register: Call 757-827-0488 or email charliehill@aol.com

The health education session is designed for **WOMEN and MEN**. Women are encouraged to come with the men in their lives who are likely to benefit from knowing the risks of not being screened on a regular basis.

This session will include discussion about three national studies: **RESPOND, COMPPARE & the MPC Project.**

Men with a family history of prostate cancer and African Americans are at highest risk of having prostate cancer and should be screened much earlier than other men.

Only men get prostate cancer, but it is a disease that impacts the entire family. WIVES and loved ones must be actively involved to SAVE OUR MEN.

Event sponsored by Riverside Cancer Care Center, Queen Street Baptist Church, Hampton Roads Prostate Health Forum and IDEA 2.0
